Midland Sets 3rd Appeal For Street Resurfacing

A discussion on badly-needed repairs to Route 68, Midland Avenue, occupied most of the Midland Borough Council session Wednesday night.

A letter from State Sen. Ernest P. Kline reported that the Pennsylvania Highway Department has promised to keep Route 68 through Midland in good repair until scheduled repaving time during the summer of 1969. Department officials on two occasions have denied requests from Council to advance repaving to the coming summer because of the extra wear the road is receiving from heavy steel trucks and other traffic rerouted through Pennsylvania due to the truck ban on the Chester Bridge.

On hearing Sen. Kline's letter, Councilman Joseph Hibbard said, "The State must think we are not telling the truth about this highway. We must keep after them, for this heavy traffic is ruining our streets. Heavily loaded trucks rerouted from the Chester Bridge are using our main street 24 hours a day. I

ask that another letter be sent, with stronger emphasis than before, that we need repaving action right away."

Councilman Ray Presutti asked the department be notified that the same route by the incinerator plant is sinking, and that a bad dip in the road has created a dangerous situation. It was reported that the road at this point has sunken approximately three or four inches more because of the recent rains.

MAYOR ELI G. Corak suggested that Council contact the state highway department and request immediate inspection of Route 68 through Midland and by the incinerator, stating that Council is highly critical of their refusal to pave this route.

Council approved writing the letter, asking that a "Yes" or "No" decision on repaving be withheld until a proper inspection has been made.

Council turned down a request by Crucible Steel Co. for a \$15,640 refund on real estate taxes

paid for the year 1966, on certain machinery that has since been ruled exempt from taxation. Atty. Robert J. Masters, solicitor, ruled the request should be turned down since it had not been presented in the refund year of 1967.

Council will hire 16- and 17-year-old high school boys this summer for "Operation Clean Sweep" on borough streets. Mayor Corak said the eight-week program will employ as many as possible three hours daily from 9 a.m. until noon to sweep the Borough streets.

The fellows using heavy brooms will be employed on the honor system to sweep assigned areas. Dirt piles will be picked up by borough truck crews. Mayor Corak said "Operation Clean Sweep" should net each boy about \$100 to \$150 so he might purchase his school wardrobe.

He said the usual summer employment program has been cut because of a loss of tax revenue, but the summer's program should prove beneficial to those employed in it, and will free the fellows for afternoon sports activities at the swimming pool, baseball field, basketball courts or tennis courts.

William Vinovich Sr., Council president, appointed Councilmen Presutti, Len Ware and William Shvolin to head the summer employment committee. The borough secretary was asked to purchase necessary brooms for the project.

A RESIDENT of the 3rd St. area complained that residents of the 3rd, 4th and 5th St. areas are allowing garbage litter on their properties.

He requested that residents keep their garbage areas clean. Council took no action on this matter, but, at the recommendation of Councilman Presutti, additional trash cans will be installed on Midland Ave. near certain stores where snack items are purchased in great quantities by youngsters.

Vinovich, chairman of the Veterans Memorial Pool, announced the pool will open on Memorial Day with swimming permitted from 1-9 p. m. that

day. On school days, until school is out, the hours will be 4-9 p. m.

Weekend hours and hours after the close of school June 6 will be 1-9 p. m. Beginning June 10, youngsters' swimming lessons will be given each morning. Adult swimming this year will be noon until 1 p. m. each day. There will be no night swimming. Prices remain the same, with season passes available at low costs.

Pool season passes will be sold Tuesday and Wednesday at 4 p. m. at the pool.

Presutti reported that Steel Valley CableVision had taken care of a number of complaints in Midland on cable service.

The new tennis courts will be dedicated June 1. Professional matches will be held that day.

Air pollution reports will be given by representatives of Crucible and Brown Brothers at the next meeting June 12.

Crash Kills Monaca Man

BEAVER — A Monaca man was killed when the car he was driving slammed broadside into a bridge wall on the four-lane section of Route 51 in Bridge-water Wednesday at 7:35 p. m. A passenger was seriously injured.

Larry W. Setzer, 21, of 504 Atlantic Ave., Monaca, was killed instantly when the car hit the concrete wall. Pennsylvania State Police at Chippewa said he was headed north on the four-lane section.

Officers said he attempted to pass a tractor trailer truck on the right while on a curve. The 1961 coupe went out of control, ran up over a curb and struck two new parked cars at Friend Pontiac. The car continued on and hit the wall, and Setzer was thrown out.

A passenger, Roy L. Dawson, 23, was admitted to Rochester General Hospital with internal injuries. Police said they have no address listed for him.

Activities Discussed For Resources Center

Future activities were discussed during this week's meeting at the Community Resources Center on Mulberry St.

Wellsville was represented at the session, which was conducted by the Rev. Paul Randall, vice president.

The center is sponsoring four to six senior high boys and girls to the Presbyterian Camp July 7 to 13.

Students interested in the family guide emergency health care for Civil Service will be trained by George Milligan, it was announced. Also discussed were additional aid for the low-income group and the health day care program.

The center is considering hir-

ing a junior office assistant, two boys for maintenance, a boy junior leader in the craft program and six for Neighborhood aide and a craft recreation aide.

Persons interested in school subjects, including new math, are to contact the center for additional information.

Mrs. Bea Henderson, director, said that persons interested in the Neighborhood aide program may obtain instruction by attending a meeting Friday at 7:30 p. m.

The key to media reading is being taught by Mrs. Margori Carter, Mrs. Helen Welsh and other volunteers.

An executive committee will be appointed at the next meeting June 3 at 7:30 in the center.

Gronouski Resigns As U.S. Ambassador

WARSAW (AP) — John A. Gronouski has resigned as U.S. ambassador to Poland, and sources in Washington say he'll join the campaign for Vice President Hubert H. Humphrey.

Gronouski declined to discuss his immediate plans. He added: "I feel what lies ahead is important," and said he would reveal his plans "in due course."

Student Protesters May Lose Deferments

NEW YORK (AP) — Student demonstrators suspended at Columbia University and other colleges could lose their draft deferments, a selective Service spokesman says.

The spokesman said it is up to local draft boards to decide whether to reclassify such a stu-

dent from his 2S student deferment to 1A and eligible for induction.

However, he said, the law clearly states that in order to qualify for the 2S classification, a youth must be satisfactorily pursuing a full-time course of study leading to a degree.

The Lie-Communist Weapon

The lie has been and continues to be one of the most used weapons of the Communists, regardless of the type of contest they are engaged in.

But, unlike the rifle and other weaponry, the lie loses its effectiveness after continued use and is unable to strike its target. Unless a lie convinces, it has missed.

Why the North Vietnamese continue to lie about the number and location of their troops is hard to understand. It seemingly makes no sense.

For while they claim, at the Paris peace talks, that they have no troops in South Vietnam, U.S. intelligence sources say they have unrefutable proof to the contrary.

In fact, these sources declare that North Viet-

nam has practically stripped its own territory of troops and has sent the equivalent of 12 infantry divisions to South Vietnam.

Captured men, captured documents and interrogation of North Vietnamese prisoners have exposed to the world the falsity of the North Vietnamese statements. Why then do they persist?

The Communists believe that the well-turned lie can be and often is very valuable to their cause. They have no moral constraint against using it.

But when they continue to lie after it becomes obvious to all the world that they are doing so, their deceitfulness seems nothing short of stupidity.

Is France A Red Target?

The possibility of France becoming a Communist nation, to be followed perhaps by Italy, seems more likely today than it has since Charles de Gaulle returned to power 10 years ago.

Some observers see the current chaos in the republic as part of a well-planned scheme conceived by the Reds in Moscow to take over the French nation and draw the Iron Curtain around it.

Analysis of the recent events in France give some credence to this belief.

LEFTIST STUDENTS are credited with starting the crisis. Then, when the "situation" they had created reached the proper point, the big Communist-backed General Confederation of Labor called many rare (for France) "unlimited" strikes which have placed the country in a nearly paralyzed state.

Further support for the belief the Reds plan a complete take-over can be taken from the words of the French Communist party which has called for an end of the de Gaulle regime and formation of a "true republican regime opening the way to socialism."

Apparently pleased and impressed by the current success of demonstrations, strikes and pro-

tests throughout the world, George Seguy, secretary general of the Communist-supported labor confederation, has declared the striking workers will present their demands to whatever government is in office — until their demands are met.

This tends to indicate there will be no restoration of normalcy in France until a Communist-dominated government assumes power, which is precisely what many believe the Red-conceived plan calls for.

FRENCH PREMIER Georges Pompidou has said those who incited the demonstrations and strikes are out to "destroy the nation and the very foundation of our free society."

With the free society destroyed, that leaves only the Communist society to take over. This, many believe, is the plan.

'Yech'

Overheard on E. 4th St.: "One thing I can't stand is a fairweather sports fan. Fellow said Wednesday after the Pirates went into last place they should have a mascot — 'Dancer's Image.' Today he wants Willie Stargell to run for President. Summer soldiers, yech!"

Toward Gun Control

Most comment on the Senate's attitude toward gun control legislation has centered on the defeat of an amendment to ban interstate mail order sales of rifles and shotguns.

The significant point of the Senate debate is the other side of the coin: the growing support of a program to tighten gun control.

WHILE THE AMENDMENT by Sen. Edward M. Kennedy was downed in a 53-20 vote, provisions in the gun control package that are gaining favor would: ban mail order sales of all firearms other than rifles and shotguns; prohibit pistol sales to persons under 21 years of age; ban pistol sales to residents of other states; prohibit sale of firearms to criminals and impose strict controls over purchase or sale of destructive devices such as bazookas.

Gun control legislation has been attached to the broad anticrime bill and is given a good chance of gaining Senate approval.

The House-passed crime control bill does not include gun control provisions. If the Senate approves gun control legislation in its crime bill, the final draft will be worked out by House-Senate conferees. It is likely the Senate provision will remain intact in the final measure. There is little chance of stronger provisions being enacted.

To say gun control legislation is controversial is to be guilty of a gross understatement. But after five bitter years, the two sides that once were poles apart are finding some middle ground.

There still are some who try to muddy the issue by describing gun control proposals as attempts to disarm law-abiding people which is untrue.

Others try to drum up opposition by claiming the government is conspiring to register, then tax and finally confiscate all firearms.

After all the accusations, charges and counter-charges have died down people on both sides of the issue have a better idea of both sides of the picture.

The National Rifle Association of America, which has effectively battled proposed legislation, actually is supporting one gun control measure before the Senate. It is backing an amendment by Sen. Roman L. Hruska, R-Neb.

SEN. HRUSKA'S proposal differs mainly from the more widely publicized program of Sen. Thomas J. Dodd, D-Conn., in that it would permit sales of pistols and revolvers in interstate commerce but would regulate it through use of affidavits signed by purchasers attesting to their eligibility.

It has been obvious for a long time that only a compromise gun control law had a ghost of a chance for approval. It looks like the Senate is getting close to that compromise.

Pay Off

Last week's Pennsylvania State Police gambling spot raids at Aliquippa should have shortened the odds on the chances of safe operations elsewhere in Beaver County for a while. Wednesday's raids at Midland indicated some people are willing to gamble, even if its only the State Police on whether one series of arrests won't be a tip off to more. Perseverance paid off.

Who Can Afford It?

By Art Buchwald

WASHINGTON — It has been predicted that the peace talks in Paris will go on for a very, very long time. Both the North Vietnamese and the United States claim to have won the war, and it's very hard to get either side to give in on any points when the other believes he is talking to a loser.

The only thing that could speed up the talks and bring about some sort of a solution is the fact the discussions are being held in Paris. At the going rate for hotels and food, the real question is, which side can hold out the longest without going broke?

THE STATE DEPARTMENT is optimistic that the United States, despite its gold crisis and balance-of-payments deficits, can still meet its financial obligations at the Hotel Crillon where the U.S. delegation is being housed.

A spokesman told me, "We had a setback the first week when Ambassador Cyrus Vance ordered breakfast in his room, and it almost wiped out the entire U.S. peace talk budget. But Vance is now taking his breakfast in the American Embassy mess and we should be on our feet in a couple of weeks."

"Isn't Ambassador Averell Harrison still eating breakfast at the Crillon?"

"Ambassador Harriman has a personal fortune of \$50 million. If he eats breakfast at the Crillon, that's his own business. Of course, if the conference continues through the summer, there may not be much of the \$50 million left, and then he'll have to eat breakfast at the embassy mess like everybody else."

"There have been rumors," I said, "that the United States may halt the bombing of

North Vietnam unconditionally when the American delegation's first laundry bill comes in. Is there any truth to it?"

"NONE WHATSOEVER. We have a special contingency fund for laundry as well as pressing, and we can always get a supplemental appropriation from Congress in case we run out. I would like to say there has been far too much emphasis on what this conference is costing the Americans."

"The North Vietnamese are hurting, too. They thought they could come to Paris and stay at the Hotel Lutetia on the Left Bank, but after only a week they had to move out. If this doesn't indicate a weakening of their position, I don't know what does."

"But isn't the French government picking up the Hanoi delegation's tab?"

"They were until de Gaulle discovered the North Vietnamese were eating in the hotel restaurant, a la carte. If the Communists hadn't moved out of the city to a house in the country, we might have had an agreement this week on the question of halting North Vietnamese troop infiltration to the south."

"Well, when do you see a break in the conference?"

"WHEN HO CHI MINH receives the first taxi bill from his delegation in Paris. It's one thing for them to save on the hotel, but they're still going to have to spend money getting to and from the conference hall."

"One of the news commentators said he thought that a great deal more progress could be made if talks were adjourned to the Crazy Horse Saloon in Paris where they have an excellent strip tease show."

"This was discussed," my informant said, "but it was rejected the first day when both parties agreed they couldn't afford the cover charge."

Letter From Max

By Martin Miller

With all the crises in this country it may seem strange that we are bent on trying to export democracy to the rest of the world.

You probably want to reach for a headache pills as you read every day about all the impossible situations we face both at home and abroad.

We have a crisis in the schools with student and teacher strikes, newspaper strikes, copper strikes, steel strikes, airline strikes, telephone strikes, hunger strikes, sit-ins, sit-outs, tax strikes and you name 'em.

To say nothing about the crises in the church, educational methods, pornography, the draft, civil rights, poverty, centralization of government, decentralization of government, auto safety, highway safety, drug safety;

Voter registration, housing, jobs, space lag, airplane safety, the cities, the farms, conservation, cruelty to animals, cruelty to people, cruelty to children, cruelty to adults, science, the humanities, insecticides and you name 'em.

AND THIS IS WHAT we want to export? As some wiseacre has said, "It would serve the rest of the world right to give them democracy."

As if things weren't bad enough on top of everything else we have a presidential election this year. Already our leading political figures are shouting at each other, "You're a liar," and the other guy yells back, "I am not but you're another."

As has been said, this is our national catharsis to purge the body politic of its ills that comes every four years. The trick is to take it just seriously enough to try to help your side but not to take it so seriously that you throw the baby out with the bath.

In doing some instant historical research I discovered that way back in the 300s B.C. democracy flourished in ancient Greece, "the cradle of western civilization."

Aristotle (384-322 B.C.) said, "If liberty and equality, as is thought by some, are chiefly to be found in democracy, they will be best at-

tained when all persons alike share in government to the utmost."

Plato about the same time said, "Democracy is a charming form of government, full of variety and disorder, and dispensing a sort of equality to equals and unequals alike."

Incidentally, Aristotle also said, "Poverty is the parent of revolution and crime." Sounds like something somebody said just yesterday.

Then the city-states of Greece started fighting and who knows what all happened there since that time. The latest news from Greece is that a gang of colonels is in power, a lot of political opponents are locked up and the king is in exile.

Now democracy is having another whirl. I sure can tolerate a lot of diverse opinions. In Norman Mailer's account of the peace march on the Pentagon, as published in Harper's magazine within the last few months, he deliberately had himself arrested as a Vietnam protester and had a confrontation with an American Nazi in, of all places, a U.S. federal police paddy wagon. Something symbolic about that—the left and the right meeting in a police paddy wagon.

ONE OF THE BEAUTIES of democracy is that neither Mailer nor the Nazi were arrested for their beliefs but for some overt act. You can think anything you want to in this country. Mailer fights with communists the way he does with almost everybody else and calls himself a Left Conservative.

When all is said and done you can't beat democracy. Winston Churchill has said as much and here is a quote from Calvin Coolidge which puts the point nicely:

"It would be folly to agree that the people cannot make political mistakes. They can and do make gross mistakes. They know it, they pay the penalty, but compared with the mistakes which have been made by every kind of autocracy they are unimportant."

Amen.

Faithfully yours,

MAX

DAVID LAWRENCE

The Courts

The United States Senate has been considering a bill which would remove some of the technicalities in law-enforcement procedures that have permitted murderers and other criminals to escape punishment.

Sen. John L. McClellan of Arkansas, one of the veteran members of the Senate Judiciary Committee, has issued a memorandum explaining the proposal that would permit a trial judge to decide whether a confession has been made voluntarily. It would leave it to the jury to determine how much weight should be given to a confession.

This attempt to correct Supreme Court decisions has been denounced by other senators as an assault on the independence of the judiciary and on the Constitution itself.

But many of the critics either have not read the Constitution or have forgotten what it says about the power of Congress to limit the jurisdiction of the Supreme Court. Article III of the Constitution reads as follows:

"IN ALL CASES affecting ambassadors, other public ministers and consuls, and those in which a state shall be party, the Supreme Court shall have original jurisdiction. In all the other cases before mentioned, the Supreme Court shall have appellate jurisdiction, both as to law and fact, with such exceptions, and under such regulations as the Congress shall make."

Congress has rarely utilized this power, but the crime crisis in American has focused attention on the part the courts have unwittingly played in giving freedom to criminals. Sen. McClellan, in his latest memorandum, criticizes particularly three Supreme Court rulings—two of which were rendered by a five-to-four decision—and declares:

"These decisions have set free many dangerous criminals and are daily preventing the conviction of others who are guilty."

"Gangsters, racketeers, and habitual criminals are increasingly defying the law and flaunting duly constituted authority and getting away with it. As a consequence, public confidence in the ability of the courts to administer justice is being destroyed."

Until the courts, and particularly the United States Supreme Court, become cognizant of this damaging trend and begin to administer justice with greater emphasis on truth and a deeper concern for the protection of the public, the crime rate will continue its upward spiral and the quality of justice will further deteriorate."

The most momentous opinion by the Supreme Court was handed down June 13, 1966, in what is known as the "Miranda" decision. In that case, by a five-to-four ruling, the court said that no confession, even if wholly voluntary in the traditional sense, could be admitted in evidence over the objection of a defendant in a state or federal proceeding unless the prosecution could show that certain warnings were given in advance.

The prosecution also was required to prove that the suspect had voluntarily and "intelligently" waived his rights. In many instances, it was not possible to furnish such proof. This is why many senators are in agreement with Justice John M. Harlan, who, in a dissenting opinion, said:

"We do know that some crimes cannot be solved without confessions, that ample expert testimony attests to their importance in crime control, and that the court is taking a real risk with society's welfare in imposing its new regime on the country. The social costs of crime are too great to call new rules anything but a hazardous experimentation."

THUS MANY MEMBERS of the Senate are reflecting the views expressed by the minority of the Supreme Court itself. Sen. McClellan says:

"The Constitution has not changed. A misinterpretation of it by five judges has sought to change it."

When such a division of opinion appears, it is natural for Congress to raise the question of how the jurisdiction of the Supreme Court should be defined to cover a certain type of case.

The purpose, of course, is to have the judge and jury decide the ultimate guilt or innocence in criminal cases, rather than to have flat rules made in advance that would paralyze the prosecuting process.

Directors OK Fair's Lights

LISBON — Columbiana County Fair directors voted Wednesday night to install mercury vapor lights at several locations for the 123rd annual exposition Aug. 21-25.

Lights will be placed along the new road through the race track infield, near the coliseum and near the sheep barns. They will be operated on dusk-to-dawn timers, but those in the infield will have a special switch so they can be turned off for special events in the grandstand.

Ben Weingart of Leetonia presided. A contract for the fairgrounds public address system was let to John Morvatz of Carrollton for \$350 for the five days. Ribbons, tickets and advertising material were ordered from the Fair Publishing Co. at Norwalk.

Directors still are studying the best methods for repair of the grandstand. They reported the fair scales in the infield have been repaired and set on a concrete base. They are used for weighing horses, ponies and tractors for the pulling contests.

The Junior Farmers of United Local School district rented the grounds for a western style tractor pull July 6. The next meeting will be June 26.

Church Will Use Fund For Robes

"A success," officials said today of the fund campaign conducted by the Youth Department of the New Hope Baptist Church Sunday.

Proceeds will be used to purchase robes.

The Junior High group, under the supervision of Mrs. Cornelia Cook, raised the most money. Elementary, Mrs. Ruby Allen, supervisor, second, and Senior High, Miss Helen Maxie, third.

The Rev. Albert Ross is pastor.

In The Service

News Of Area Residents In Armed Forces

An East Liverpool serviceman, home from Vietnam a little more than a month, is the subject of an article in the base newspaper at Ft. Hood, Tex., where he is now stationed.

The story concerns some of the experiences of Spec. 4 Colan G. Alford, 21, while serving at LaKhe with the 1st Squadron, 4th Cavalry, 1st Infantry Division.

Alford is the son of Mr. and Mrs. Harry Alford of Park Pl. He received a Bronze Star with "V" device for valor during the cleaning of Viet Cong from a village, an Army Commendation Medal and has been recommended for a Silver Star.

Alford, an armor reconnaissance specialist, saw action in the field a few days before returning to the states with a "Ready Reactionary Force."

He returned home in April, reporting later to Ft. Hood.

Robert K. Reed Jr., 21, son of Mr. and Mrs. Robert Reed of 1719 Lincoln Ave., Wellsville, has been promoted to Army specialist 5 while serving with the 86th Signal Battalion at Cu Chi, Vietnam.

Reed is expected home in June. He entered the service

Twelve members of the Liverpool Township East station were honored Wednesday night at a graduation dinner in the hall. Charles Adams presided.

Certificates and cards were presented to the graduates. Though not required, the training is offered every three years. Chief Robert Badger pointed out.

French

President Charles de Gaulle's already weakened prestige.

But as the vote was being counted, several thousand students marched on the assembly to protest the government's ban on the return to France of the radical student leader Daniel "Danny the Red" Cohn-Bendit, who had gone to Amsterdam to talk to Dutch students.

A cordon of armed riot police kept the jeering mob away from the assembly building. Student leaders finally ordered the demonstrators to disperse, but throughout the night students and young workmen in bands of up to a hundred roamed the Left Bank.

Days of uncollected garbage and produce crates provided material for them to raise fiery barricades across street after street. Police countered with tear gas grenades and water cannon. Ten police were injured slightly by rocks.

After police had scattered the rock throwers, they left the demonstrators to their fires. But they blocked off as much traffic as they could to avert damage to cars and tires.

By dawn, the Boulevards Saint Germain and Saint Michel were messes of smoldering, burning garbage and trash.

Several hundred demonstrators during the night attacked the senate building in the Latin Quarter, breaking windows with rocks and receiving an answering volley of tear gas grenades.

The motion to censure the government needed 244 votes for passage but got the support of only 233 deputies. Those voting for censure included 73 Communists, 121 members of the Federation of the Democratic and Socialist Left, 34 Centrists, 4 Independents and Edgar Pisani, De Gaulle's former

minister of agriculture who announced earlier he would quit the assembly after voting against the government.

Had the censure motion passed the assembly, Pompidou and his Gaullist regime would have been forced to step down and De Gaulle would have had to seek a new premier. De Gaulle's own term as president runs until 1972 and is not menaced by such votes.

The 77-year-old soldier-statesman is scheduled to make his first public statement on the crisis Friday night in a radio-television address to the nation. A hint of the line he may take was given after the assembly vote when one of his ministers urged "all those who oppose anarchy" to rally around the government.

"It is not possible that the most civilized nation in the world will not take a grip on itself," said Roger Frey, minister in charge of relations with parliament.

would not be subject to the interest rate computation on such accounts.

Also included was a provision aimed at frauds in home improvements. A homeowner contracting for such work financed by a first or second mortgage on his property would have three days to withdraw from the agreement if he chose.

The measure would require a store advertising installment loans to give the annual interest rate, cash price, number of payments and their due dates, not just the amount down and the monthly payments.

The garnishment provision would exempt the first \$48 earned weekly and 75 per cent of all take-home pay. It would

bar the firing of an employee for one garnishment.

The section aimed at loan sharks states that an interest charge exceeding 45 per cent a year is a factor in establishing it is an extortionate credit transaction.

Maximum criminal penalties in this section are 20 years imprisonment and a \$10,000 fine.

The extortionate credit provisions will become effective when the bill is signed into law, the credit disclosure section July 1, 1969, and the garnishment provision July 1, 1970.

Raids

(Continued from Page 1)

Officers raided the Fun Spot on Midland Ave. He was charged with possession of lotteries, traffic in lotteries, pool selling and establishing a gambling place. He was released on \$1,000 property bond.

Also cited at the Fun Spot was Milovich who was charged with pool selling, establishing a gambling place and book making.

Wynn was arrested at Rivetti's Bar on Midland Ave. Police said two more arrests are expected because of the operations here. Wynn was arraigned for book making and pool selling. His property bond was set at \$1,000.

of the Federal Aviation Agency said investigators had no evidence of it.

Officials worked through the night Wednesday securing the wreckage and recovering and identifying the bodies.

Identifying the dead was laborious, with only sketchy infor-

mation available, but it was reported the list included persons from throughout the United States.

The crash was the first fatality in the helicopter firm's 21-year history. The S61 carries a crew of three.

As the craft, which normally would have been cruising at 2,000 feet, plunged, mail bags spilled into the air, giving the impression of falling bodies.

Sacks struck roofs of houses and businesses, and sheriff's helicopters searched rooftop to rooftop.

The rotor blade which spun off crashed through the corrugated sheet metal roof of a chair manufacturing plant, injuring no one.

Two sheriff's deputies watching rush-hour traffic near the crash scene said they saw the tail rotor fly off and the craft begin to spin.

Rockefeller Wooing South Delegate Votes

CHARLESTON (AP) — Gov. Nelson A. Rockefeller returned to the southern states Thursday, hunting delegate votes in a region which is considered a citadel of Richard M. Nixon in the struggle for the Republican nomination for president.

"The South is not frozen," Rockefeller insists. His itinerary for the next two days takes him from Charleston to Atlanta and Columbia, S. C.

Rockefeller's nephew, John D. (Jay) Rockefeller IV — who is a Democrat — did not meet him at the airport when he came into Charleston. The younger Rockefeller is a member of the West Virginia House of Delegates, the state assembly. West Virginia political observers said he is very popular and is expected to go far in state politics.

Citizens Unit Cautions On Peace Talks

WASHINGTON (AP) — A blue-ribbon citizens group including former President Dwight D. Eisenhower voiced fear today that many Americans have been misled into expecting "too much, too soon" from U.S.-North Vietnamese talks in Paris.

Americans think of negotiations as a road to peace but there is unmistakable evidence Hanoi's leaders consider negotiations as another way to fight a war, said a special panel of the Citizens Committee for Peace with Freedom in Vietnam.

It warned against expecting to "win at the conference table what we have not won on the battlefield" and against "losing at the conference table what we have fought so hard, and given so much, to protect."

While the group favored exploring for "a reasonable time" prospects for a peaceful settlement, it rated poor the chances for productive negotiations now.

The 1,700-word statement on "Negotiations: Hopes versus Realities" was issued by a 14-

man special panel on negotiations.

The citizens committee was organized last fall by former Sen. Paul H. Douglas, D-Ill., and includes both living ex-presidents—Eisenhower and Harry S. Truman—in its nationally known membership of about 190.

It labels itself a nonpartisan group setting forth the views of the "silent center" of U.S. public opinion on Vietnam as distinguished from vocal critics of the right and left. Its past expressions have been generally favorable toward Johnson administration policy.

Hearing Launched

CHARLESTON (AP) — The State Department of Mines was scheduled to begin a hearing at 10 a. m. today on the cause of the Hominy Falls coal mine flood which killed four men and trapped 21 other underground.

State Mines Director Elmer Workman said investigators from his department "have already determined the cause and who is responsible." He did not elaborate.

He said it will be decided after the meeting whether the State Department of Mines will hold a formal board of inquiry into the disaster. The question of liability has not been settled, he said.

Carol Sue Lowe Marries In Ceremonies At Church

Miss Carol Sue Lowe, daughter of Mr. and Mrs. Samuel R. Lowe of 1006 Avondale St., wore a gown of Chantilly lace and beau de soie when she became the bride of Harry Keith Keller, son of Mr. and Mrs. John C. Keller of 1573 Pennsylvania Ave., May 11 at 1 p.m. at St. Stephen's Episcopal Church.

The Rev. D. Ross Salisbury officiated for the double-ring ceremony before an altar background of white mums and candelabra. Satin bows marked the family pews. D. Ross Salisbury Jr. served as acolyte.

Mr. and Mrs. Ernest Lowe, uncle and aunt of the bride, presented the wedding music. Mrs. Lowe was organist and her husband sang "O Perfect Love."

THE BRIDE was escorted to the altar and given in marriage by her father. Her full-length gown was designed with an Empire bodice, which featured a scalloped Sabrina neckline and long, pointed sleeves. The skirt was adorned with appliques of rose lace, accented with sequins. The detachable Watteau train was held at the shoulders with bows.

Her fingertip veil of silk illusion, edged with lace and sequins, was attached to a queen's crown of seed pearls and crystals. She carried a white prayer book, the confirmation gift of her Godmother, Mrs. Sara Ervin. It was topped with an arrangement of three white orchids and satin streamers tied in lovers' knots.

In observing the traditions, she carried a handkerchief edged in lace brought from England by a great-aunt, Mrs. Sarah Mountford. Her sterling silver locket was the gift of the bridegroom.

Miss Frances Ann Savage, maid of honor, wore a full-length sheath gown of Nile green chiffon over satin. The Empire-style bodice, accented with appliques of green, yellow and orange blossoms, was designed with a scoop neckline and cap sleeves. The organza Watteau train was held in place by a satin bow. She wore a silver maid-of-honor locket, engraved with the bride's names and date, which was the gift of the bride.

Bridesmaids were Miss Sally Ann McFarlane and Miss Marlane Greene. They appeared in dresses identical to that of the maid of honor, except in yellow. They wore white ivory daisy necklaces, gifts of the bride.

All the attendants wore headpieces made by the bride. They consisted of matching Dior bows adorned with long streamers highlighted with daisies. They carried cascade arrangements of yellow daisies.

John R. Keller served as his brother's best man. Ushers were Dennis Lowe and Robert Lowe, brothers of the bride. They received the tacs from the bridegroom.

The mother of the bride chose a poude blue crepe sheath with matching lace coat and white accessories. The bridegroom's mother was attired in a blue linen sheath and jacket ensemble with matching accessories. White orchid corsages complemented their attire.

A RECEPTION followed in the parish hall, where Mrs. Ruth Ann Arjakis, cousin of the bride, registered guests. The buffet table was centered with a three-tier cake, topped with a miniature bridal couple. White satin hearts, wedding bells and satin bows completed the setting. The bride's table was covered with a white linen cloth.

The DOCTOR Says

By Dr. W. G. Brandstadt

Leaving Home Called Impulsive

Children run away from home for different reasons. The preschool child who goes absent without leave is usually not running away but rather acting on an impulse to explore a little larger part of his surroundings than he has been accustomed to do. He often finds his way back home by himself and, when he doesn't, he is genuinely surprised at all the fuss over his escapade.

Dr. Brandstadt

WHEN AN older child runs away the problem is not so simple. He often feels a crushing sense of helplessness in the face of parental restrictions no matter how reasonable and just they may be. He is rebelling against his own inability to control his environment and he is too immature to realize that running away will in no way help the situation.

A STUDY was made of 42 runaways and 42 other children, referred to a child guidance clinic, who had not run away. The runaways were more likely than the others to complain of being picked on, falsely accused of misbehavior and ridiculed or humiliated by their parents.

THIS STUDY points up the need for building up a feeling of mutual respect between parents and their children. A child will accept, even welcome, rigid ground rules when he is

treated with love and respect and made to understand the basic principles behind the rules. There is usually no hope for improvement in a situation involving running away from home unless the parents, as well as the child, are willing to accept psychological counseling.

Q — Our son, 4, was found to have von Willebrand's disease. How severe is this? What restrictions should be placed on his activities?

A — This disease, also called pseudohemophilia, is a congenital condition in which there is profuse bleeding due to a prolonged bleeding time. It differs from true hemophilia in that in von Willebrand's disease the coagulation time is normal and it may occur in girls as well as boys.

AS IN THE case of true hemophilia, every effort must be made to prevent injuries to the child. Contact sports are out. When bleeding occurs, local pressure is often all that is required to control it but, if the bleeding is internal, the problem is serious. Surgical operations must be avoided if possible and, when they are necessary, special preparations to control the bleeding must be made.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Senate Hints Broader Bill On Wiretap

WASHINGTON (AP) — The Senate has indicated it will accept legislation expanding police wiretapping and electronic snooping authority amid signs strong House opposition awaits other parts of the omnibus anti-crime bill.

Initial Senate votes Wednesday on attempted amendments to the wiretap-electronic surveillance section pointed toward its acceptance despite White House opposition.

But trouble for the over-all bill loomed after a statement by Chairman Emanuel D. Celler, D-N.Y., of the House Judiciary Committee, that he would rather ditch the entire bill than accept curbs on Supreme Court powers voted a day earlier by the Senate.

These votes kept in the measure provisions—added by the Senate to the House-passed bill—that would end controversial high-court decisions on the admissibility of confessions and eyewitness testimony. The court's decisions have greatly broadened the rights of criminal defendants.

"I would not accept those provisions... which would rob the Supreme Court of power," said Celler. Since he would chair any conference committee named to hammer out a Senate-House compromise, Celler's opposition could be an important factor in House action.

In an effort to speed action on the over-all bill, the Senate agreed to limit debate on proposed wiretap section amendments to 30 minutes for each speaker.

The measure would permit police—federal, state and local—to engage in wiretapping and electronic eavesdropping under court orders while investigating major crimes.

But it sets penalties of up to five years' imprisonment and fines of \$10,000 for unauthorized eavesdropping and for the manufacture, advertising and transportation in interstate commerce of equipment for such practices.

President Johnson has urged Congress to outlaw all wiretapping and electronic eavesdropping except in cases relating to national security.

The bill would let federal and state judges grant police applications for wiretapping and electronic eavesdropping on finding probable cause for belief that an individual is, has, or is about to commit one of the crimes specified in the bill.

A judge also would have to determine that "normal investigative procedures have been tried and have failed or reasonably appear to be unlikely to succeed if tried or to be too dangerous."

Claims It Has None There

12 North Viet Infantry Divisions Now In South

SAIGON (AP) — While North Vietnam claims at the Paris talks that it has no troops in South Vietnam, U.S. intelligence sources say it has practically stripped its own territory of soldiers and now has the equivalent of at least 12 infantry divisions in South Vietnam.

The sources say this is confirmed every day by captured documents and prisoner interrogations. U.S. intelligence officers are able to pinpoint the areas where the North Vietnamese troops are operating in South Vietnam.

The officers cite figures indicating the North Vietnamese have taken over the major fighting effort, with an estimated 80,000 combat troops in the South to 40,000 main force Viet Cong.

The intelligence sources say North Vietnam has nine full numbered divisions in the South, plus the equivalent of another division in four independent regiments operating in the central highlands.

Two Viet Cong divisions flanking Saigon—the 9th and the 5th—are 80 per cent North Vietnamese soldiers, the sources report.

The heaviest concentration of North Vietnamese troops with big artillery support is along the northern frontier just below the Demilitarized Zone. Here, at least three divisions face U.S. and South Vietnamese forces.

Intelligence officers rate the North Vietnamese 7th Division west-northwest of Saigon as "the worst in the country."

"They've never done anything right," said one American officer.

A North Vietnamese division in South Vietnam is estimated to average about 7,700 men. American intelligence officers estimate that only one out of every five or six North Vietnamese soldiers infiltrates into South Vietnam through the Demilitarized Zone.

The majority, these sources say, move around the western edge of the buffer zone and down the Ho Chi Minh Trail through Laos. Some branch off into South Vietnam through the A Shau Valley. The others continue on down the Ho Chi Minh Trail into Cambodia and work their way into the central highlands and other points farther south.

Fire

(Continued from Page 1)

He called the city fire department.

About 10 pieces of equipment rushed to the tower located near Ohio Stadium, but there was no fire and students were not evacuated, fire dispatcher Bob Berkemer said.

Berkemer said the motorist made the report in "good faith", and many dorm residents were unaware of it until the fire trucks arrived.

Some students planned a "silent vigil" on the OSU Oval at noon today—in tribute to the coed who apparently was trapped in her bedroom and died later of smoke inhalation. She was Pamela Sue Patterson, 18, a freshman from Ludlow Falls. Fifteen other coeds were injured and 10 of them remained hospitalized today. Two were listed in critical condition.

The fire broke out on the 11th floor of the 24-story tower, opened only last fall. An estimated 1,000 students evacuated the structure in near panic. The suite where the fire broke out in a couch was an inferno, some students said.

"I don't know what was used but it was obviously something to get it going fast," said OSU Vice President Gordon B. Carson, referring to the fire.

Carson said the blaze was a "carbon copy" of one that hit Morrill Tower May 10. The cause of that fire, which caused \$2,000 damage, is unknown.

Student Assembly, the top governing body of students, met in special session Wednesday night and adopted a resolution. It asks that residents of both towers be permitted to move elsewhere and that an independent investigation be made of the fires.

Carson spent most of Wednesday night talking with the tower residents. Students gathered outside the towers Wednesday night.

The students loudly protested that only one means of access to corridors from living areas are available in the towers.

Talks

(Continued from Page 1)

just as a propaganda medium. We have to move into a period of more productive results."

With the conference in recess until Monday, Harriman said he would spend the time until then looking into various aspects of the conference and expected to have some new ideas to talk about by Monday.

Harriman and Thuy now have met four times in the past 10 days, and each time they have come away standing rigidly on their original positions.

U.S. spokesmen have called the North Vietnamese "stubborn." The Vietnamese called the Americans "obstinate."

The stumbling block is always the same—North Vietnamese in-

sistence on an unconditional end to U.S. bombing of their country and U.S. insistence that "reciprocal restraint" on Hanoi's part must accompany a halt in the bombing.

"The talks are frozen," said one neutral diplomat after Wednesday's three-hour meeting.

At that meeting Thuy rejected Harriman's proposal that both delegations stop making their conference statements public.

Harriman said this would "make possible a more useful and meaningful exchange of views."

Thuy told Harriman the proposal did not "meet the exigencies of the situation." Later a North Vietnamese spokesman at a news conference cited a Vietnamese proverb: "He who has something to conceal hides behind a bush. He who has nothing

to conceal continues straight along the path."

"This is the first time the North Vietnamese have had a Western audience, and they are making the most of the sounding board," one diplomat said.

He added that he thinks Hanoi will block all progress in the talks until it extracts a cessation of the bombing or until its propaganda aim is fulfilled.

The North Vietnamese continued their efforts to put the United States on the defensive Wednesday.

"In the event these official conversations do not produce results, the American side must bear the full and entire responsibility," Thuy told Harriman.

The U.S. Supreme Court cannot alter the Constitution, it can only interpret it.

The Ray Augensteins of Fremont say:

"We've had all types of heating, but electric heating is by far the cleanest and most comfortable!"

"We've had all types of heating, but electric heating is by far the cleanest and most comfortable...no cold spots or drafts at all," says Mrs. Augenstein.

"And we're more than satisfied with the low cost."

No wonder. It costs the Augensteins less than \$1 a day to heat their entire 7-room home the flameless clean electric way. And that same dollar includes electricity for the range, refrigerator, washer and dryer, water heater, air conditioner, and a host of smaller appliances.

Mrs. Augenstein thinks electric heating is "just wonderful." We bet you'd be just as happy with electric heating and its operating cost in your own home. A free, no-obligation estimate is the first step to finding out. Just give us a call.

Pro-British Win Election In Bermuda

HAMILTON, Bermuda (AP) — Bermuda's pro-British white party drew wide backing from the resort island's Negro majority and rode an apparent backlash against rioting last month to a 3 to 1 victory today in the colony's first one-man, one-vote election.

The conservative United Bermuda party took 30 of the 40 seats in the House of Assembly while the Negro Progressive Labor party won only 10. The Labor party had promised to cut the colony's 359-year-old ties with Britain.

The Bermuda Democratic party, also largely Negro, was blanked.

The United party's victory had been expected, but its proportions were a surprise. The white-dominated party asserted Negro mobs who rioted April 25-26 were incited at least in part by the Labor party.

No violence or even minor incidents were reported during the balloting Wednesday. The British frigate Leopard was anchored offshore, however, as a precaution.

Walter Robinson, the Labor party leader who said his forces would win 26 seats and have the British out in "six months to a year," lost in his district.

Whites took 26 of the 40 seats, although about 55 per cent of the 20,918 eligible voters were Negroes. The United party ran 13 Negro candidates, and seven of them were elected.

Many of the Negroes were voting for the first time, due to reduction of the age requirement from 25 to 21. The whites also lost an advantage with the removal of property qualifications that had given some property owners two votes in previous elections.

Sir Henry Tucker, a wealthy banker who leads the United party, will become the chief minister in charge of the government.

Under a new constitution, the parliament and the executive council it names will run island affairs. Only foreign relations, defense and internal security will continue under the resident governor chosen by the British government.

Tucker had stressed in his campaign that victory for the Labor party would drive away American tourists and investors who are the major source of income on the island 680 miles southeast of New York. He said the Laborites had "Soviet friends."

How Can I? By ANNE ASHLEY

Q. — What can I do when egg whites refuse to beat stiff?

A. — Add a teaspoon of cold water and a pinch of salt. Adding a pinch of baking soda while beating also helps, makes it more fluffy, and also prevents its falling if it must stand for any length of time.

Q. — Please suggest a good, general stain - remover for porcelain sinks and bathtubs.

A. — First rub the stained areas with a slice of lemon, then go over them carefully with a kerosene - dampened cloth. Or, dip a half - lemon into borax, and scour with this.

Q. — How can I remove tar stains from some of my nylon hose?

A. — Rub butter on the stains with a cloth until the stains disappear, then launder. Many other such stain - removing hints are included in my household manual.

Retired Group Meets

Assumes Office

Ernest John of Chester received congratulations from Mrs. Eileen Bailey of Huntington following his installation Wednesday as president of the Hancock County Association of Retired School Employees.

Mrs. Bailey, a director of the National Retired Teachers Association, was guest speaker. She is also a past president of the West Virginia organization.

Mrs. Claudius Ford of New Cumberland, past president of the Hancock County Council of Parent-Teacher Associations, was installing officer during the exercises in conjunction with the annual luncheon meeting in Holiday Inn at Waterford Park.

Others inducted were Mrs. Flora Smith, first vice president; R. M. McFarland, second vice president; Mrs. Estelle Bearden, secretary, and Mrs. Mary M. Stevens, treasurer.

Committee reports were heard and a moment of silent prayer was observed for deceased members.

An executive meeting will be held Sept. 10 in Weirton, John said. The next regular meeting will be Oct. 8 at the Christian Church in Weirton.

Scouters May Earn Time On New 'Loggers Award'

LISBON — This weekend will afford Scouts of Columbiana Council, Boy Scouts of America, an opportunity to log time toward the Loggers Award to be inaugurated at the annual banquet next year.

Bennett D. Taylor Jr., executive at council headquarters here, said the award was created to recognize adult Scouters who give time and labor to improve the council's two camps — McKinley on Logtown Rd. near Lisbon and Twin Spruce on Leesville Lake.

"TO QUALIFY" for the "Loggers," Scouters must work a minimum of 10 hours at either camp, with only an eight-hour day accepted at one time.

A feature of the Saturday work session at Twin Spruce will be a "bean feed." Dr. D. J. Kern of Homeworth will place the beans and beef in the pit Friday midnight so they will be ready to serve the following afternoon.

Taylor said work projects are lined up and manpower and tools are the only things needed. Scouters planning to participate should contact the council office so Dr. Kern will know how many to prepare for, Taylor added.

Twin Spruce will open officially the middle of June and the camping season will open the last week in June. James Wilhide of Youngstown, camp director, said the camp is reserved to capacity.

Taylor said 251 Boy Scouts and 52 adult Scouters held a camporal last weekend at Twin Spruce, "packing in" from Leavittsville where they parked their vehicles.

The program featured survival techniques, including setting up campsites and cooking over open fires. Norman Pregrenzer of Salem demonstrated the use of muzzle-loader firearms.

ROGER HOBSON of East Liverpool was in charge of Sunday morning devotions at the camp, while the Catholic youths attended church in Carrollton.

Robert Barr of Salem, the council's camping and activities chairman; Charles Thompson of Salem, Shawnee District camping and activities chairman, and Robert Mellinger of East Liverpool, camping and activities chairman for the Cherokee District, were in charge of the camporal.

The camporal is distinguished from a camporee in that the entire council participates rather than the Shawnee (northern) or Cherokee (southern) districts individually. It was the first for Philip Nelson of Columbiana, new executive of the Cherokee District.

Nothing Unusual About Shafer Bid, Sen. Kline Says

HARRISBURG (AP) — In this strange political year, Senate Democratic Minority Leader Ernest P. Kline saw nothing unusual about receiving a letter from Gov. Shafer asking him to contribute to the Republican Party.

Kline told the Senate Wednesday that he recently received at his Beaver County home a letter from Shafer asking him to join the Pennsylvania Republican Club with a financial donation.

Kline said the request was something akin to Bonnie and Clyde asking their intended victims for bullets, and concluded: "Either the GOP was getting a mailing list from the Democratic State Committee or else Shafer was to be commended for attempting to recruit the 'very best talent in Pennsylvania.'"

Post Completes Election Plans

Plans were completed for Monday's election when American Legion Post 374 met this week.

Comdr. Densel McKinney said balloting will be from noon until 8 p. m. under the supervision of Harry Dawson, chairman, Ed Landfried, Robert Landfried and John Borsos.

New bylaws were approved after the final reading by James R. Poynter, finance officer and chairman of the committee.

John Fone was named "Legionnaire of the Month."

It was announced that any marching units interested in participating in a 10th District parade June 9 may contact McKinney.

Don Sowards was enrolled as a new member, bringing the membership to 567. Kenneth Yost, first vice commander, reported. Carl Haight and Charles Pardell were obligated as new members by Past Commander John Long and Chaplain Louis Provost.

James Cregar, cancer drive chairman, said the campaign will be held June 29, with a

roadblock on Pennsylvania Ave., at Boyce St.

Robert Milne, adjutant, said that June 23 has been set aside as American Legion Day at Cedar Point, with tickets available from Cregar.

The post will meet again Monday.

Extra Coffee For Trips

DEAR HELOISE: When camping, hunting and fishing, we all love our coffee.

After I fill our vacuum bottles, either small or large, I put them in empty milk cartons. I put large ones in cartons and the half-gallon smaller ones in quart cartons.

So easy to carry and they never break or spill. And real easy to pack, too.

MRS. B. L.

Gee, this will be a great idea for travelers, cab and truck driver gentlemen.

Sure will save breakage because they won't ROLL!

HELOISE

DEAR HELOISE: Just made a fantastic discovery and had to take time to tell you about it. My two-tone beige shoes were scuffed with black marks. What could I do about it?

A pencil eraser was in view so I tried it. To my amazement it worked like magic. There wasn't a mark left.

MARIAN GAPSIS.

DEAR HELOISE: Necessity is truly the mother of invention. When I was called upon to

furnish a flower arrangement on just a few minutes notice, my biggest problem was a frog to fit the container!

So I used a piece of aluminum foil, crushing it loosely and pushing it to the bottom of the container. It worked great. Flower or shrubbery stems can be pushed right into the foil which supports them nicely.

And no bother with retrieving and cleaning a frog. Just discard the foil!

MRS. E. E. W.

DEAR HELOISE: Do you know what to do with those little metal steak sewers that hold the bacon around fillet steaks?

Just be sure you don't throw them away. We use them for holders when eating corn on the cob! They're the greatest!

They stick into the ear of corn real easy.

BERNICE POLK

Now, bless Bernice's heart, she's got the right idea, hasn't she? Can anyone else think of other things to use them for? If so, do write to us in care of this paper. We sure would love to hear from you.

HELOISE.

DEAR HELOISE: When I'm at work and want to remove make-up, here's an idea I use.

I took an empty compact in which the powder was all gone

and filled it with cold cream! Now I have a cold cream compact with a mirror. Comes in mighty handy.

DIANE NOVAK.

DEAR HELOISE: Our Badminton net wore out after several years.

When shopping around, I found I was unable to buy just the separate net.

So I struck upon the idea of buying nylon net, binding it with bias tape and using the cord from the old net.

It was very inexpensive and served the purpose nicely.

JERRY SKUPA.

DEAR HELOISE: I believe everyone is shortening dresses now, but I have to lengthen mine and face it.

Someone told me about using lace for this. I did it and it works! The lace was about one and one-half inches wide and I like it better than binding.

HELEN L. BOHLE.

DEAR HELOISE: Want to do something a little different with that left-over piecrust dough?

Just roll it out as thick as you like, smear it with peanut butter, then roll it back up. Slice and then bake it. Wow! It's a delicious treat and made in a jiffy.

Poor Slate 2nd March To Congress

WASHINGTON (AP) — Residents of Resurrection City plan another march to the halls of Congress after spending a quiet day coping with housekeeping and enthusiastic new arrivals.

Spokesmen for the Poor People's Campaign said up to 300 demonstrators will march today to the office of Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee to demand that he open hearings "to the poor themselves, who have never had a chance to testify."

Another 50 or so were to attend a Senate Labor Committee hearing on hunger.

With an estimated 2,900 to 3,000 people now housed in the poor people's shantytown and about 500 more due in Friday, The Rev. Ralph David Abernathy said the turnout "far exceeded our expectations and anticipations."

"The fact that we have been able to bring to the nation's capital people who are greatly concerned about their plight and are willing to speak to Congress and to the nation in their own terms is the greatest accomplishment," said the Southern Christian Leadership Conference president in an interview.

"I think we have been able to dispel much of the fears that the public have held concerning the campaign," he said. "Many people thought we had come to Washington to tear it up... that violence would result."

There is "no need to fear" violence from the poor people, Abernathy said. But he again urged Congress to "not wait around" and to "act with all deliberate speed" on the campaign's demands for a program to help the nation's poor.

Otherwise, he said, there may be trouble from other segments of society, which he said he could not name.

Trespassing Charge Dismissed Against 6

VANDALIA, Ohio (AP) — Trespassing charges against seven persons, including DeCoursey Squire, paroled earlier this year after a hunger strike at the Cincinnati Workhouse, were dismissed Wednesday in Municipal Court.

The seven were arrested Tuesday after passing out antiwar pamphlets at Meadowdale High School. Miss Squire, 21, a former Antioch College student, gained headlines after her arrest in Cincinnati last fall during an antiwar demonstration. She fasted several weeks in the workhouse before being paroled.

The largest monument ever constructed is the 177-foot-high Cholula Pyramid, near Puebla, Mexico. Its base covers nearly 45 acres.

To See If Federal Laws Are Needed

Senate Probers Examine Credit Reporting Groups

By DICK BARNES
Associated Press Writer

WASHINGTON (AP) — Senate antitrust investigators are quietly examining credit reporting agencies to find out if federal laws are needed to protect ordinary citizens against agency mistakes that can ruin a person's credit rating.

The antitrust and monopoly subcommittee headed by Sen. Philip A. Hart, D-Mich., plans early summer public hearings on evidence gathered by its investigators over the past several months.

"People are frightened," said a subcommittee investigator. "With the volume of credit multiplying, and increasing reliance on credit reporting bodies, we must see if credit reports are as fair and accurate as they should be."

The customer who buys merchandise on credit in essence asks the merchant to approve his credit rating. The credit manager likely asks his local credit bureau what its centralized records show about the person's bill-paying habits. He may also question a credit bureau in the customer's former hometown.

A man looking for an insurance policy or a job may have credit agency checks run on him that involve not only his credit but other details of his personal life.

The price of a report is cheap. For 4 to 8 cents, the credit grantor can see if his potential customer is on a nationwide list of bad risks.

For \$25, an insurance company can get a rundown on credit, personal habits and other details of an individual's life which may be based on from 2

to 10 interviews of his friends and associates.

A House subcommittee on privacy has been quizzing credit reporting agency officials for several months in attempting to determine whether their activities constitute an invasion of privacy.

Hart doesn't raise that question. The senator assumes as fact that information on a person's finances must be available in today's credit card society. His investigation is aimed at finding out whether legal safeguards are needed.

An investigator for Hart's subcommittee said it has received scores of complaints from persons who claim to have been victimized by credit reporting snafus, and hopes to get more before hearings begin.

Among examples in the subcommittee files is this complaint:

A middle-income man from a Southern state told investigators that his new automobile had so many defects that the manufacturer's credit financing division finally agreed to take back the car and require no further payments.

About this time the man was hired for a better job. But he lost the job when his credit record turned up with a blot on it. It turned out that the auto firm had listed the return of the defective car as a repossession—and wouldn't change the records.

The man's new employer said "right or wrong, I can't be bothered," and fired him, the subcommittee investigator said.

There are four major credit information enterprises:

—Retail Credit Co. of Atlanta, Ga., a nationwide operation

with more than 1,600 offices, which primarily provides information on individuals to insurers and employers.

—Credit Data Corp. of San Francisco, a computerized operation located primarily in California and New York which accumulates data on how persons pay their bills.

—Hooper-Holmes Bureau Inc. of Morristown, N.J., which publishes a list of so-called derogatories, i.e., bad credit risks.

—Associated Credit Bureaus of America, Inc., a coordinating agency for 2,000 local credit bureaus which hold credit records of 96 million people.

Monopoly and antitrust questions in a field so concentrated may be raised at the Hart subcommittee hearings.

Credit Data chairman Dr. Harry C. Jordan told the House privacy subcommittee in March his firm could have every American's name listed on its computers within five years.

The Hart subcommittee is investigating what the implication may be of such computerization and the resulting almost instantaneous transmittal and retrieval of a debtor's personal and credit history.

Credit Bureau Services, Inc., of Dallas, Tex., recently completed a \$2 million computer conversion program. A data cell the size of an office wastebasket stores the credit records of 600,000 Dallas metropolitan area families.

The subcommittee wants to make sure the individual can get corrected information into such a data cell or other holding place.

Testimony at a privacy subcommittee hearing May 16 illustrated that it is difficult to even find the source of misinformation, much less get it corrected.

Park Cleanup Set Saturday

Plans were completed for Saturday's cleanup work party at Chester City Park when the commission met Wednesday night.

Volunteers are asked to meet at the park at 1 p. m. to help prepare the area for summer activities.

Lester Kirschler, commission chairman, said city equipment will assist in the project. It is planned to arrange the playground, set up picnic tables and change the bleachers.

Kirschler asks that volunteers bring trucks, high-lifts and other cleaning equipment.

In other business, Miss Sara Thomas, treasurer, reported that \$1,554.73 has been donated to date toward a goal of \$6,000 to be used for construction of a basketball area with a concrete base. Plans call for the site to be filled with water in the winter to provide ice-skating facilities.

Those who wish to contribute may send their donations to Sara Thomas, 570 Virginia Ave., Chester, W. Va.

Alvin (Pete) Arner was given permission to use the upper ball field for minor league baseball teams comprised of boys 7 to 8.

Kirschler announced that requests now are being accepted for use of the park for reunions and outings during the summer.

The commission members cautioned that anyone burning papers or dumping rubbish on the grounds will be prosecuted.

Charles W. Morris was named secretary of the commission during last night's meeting.

"The Black Hands" will play for the weekly teen-age dance Saturday night.

Columbia U. Presses To Regain Peace

Associated Press Writer

NEW YORK (AP) — Dr. Grayson Kirk, president of Columbia University, says his administration will employ "all measures necessary to restore peace" to the scarred and strife-torn campus beset by rebellious students.

Kirk said at a news conference Wednesday "that if disciplinary probation, suspension or even permanent expulsion must be dealt to any number of students, this action will be taken."

He spoke after the second early morning campus police raid within a month had climaxed in a violent clash that left 56 persons—including 16 policemen—injured. Police said 178 persons were arraigned.

The crippling protests at the 25,000-student Ivy League university have resulted in 998 arrests and more than 200 injuries

2 Minor Mishaps Are Investigated

Two minor accidents were investigated Wednesday by city police.

William C. Williams of 745 Garner Ave. told police his 1967 Honda motorcycle was damaged while parked on Market St. near 4th St. about 9 p. m.

A motorist told Williams a woman backed her car into the motorcycle and knocked it over. She set the vehicle upright and continued on, the witness said.

Cars operated by William Rickerd, 58, of Park Way and Mrs. Velma Cornell, 49, of 427 College St. were involved in a minor collision at 11:30 a. m. on Broadway about 75 feet north of 5th St.

Rickerd said he was backing from a parking place and stopped to wait for traffic when his car was hit. Mrs. Cornell said she had turned left from Dry Alley onto Broadway, headed south, when the other car backed into the front door of her car.

Patrolmen Orin Smith and Arthur Peters investigated.

Coroner Rules Wreck Injuries Were Fatal

HAMILTON, Ohio (AP) — Butler County Coroner Garret J. Boone ruled Wednesday that a Hamilton woman involved in a two-car collision Monday night died from injuries suffered in that wreck.

Boone disclosed the ruling as the result of an autopsy made after he had said Bertha Spurgeon, 42, had died from natural causes.

Near-Solid West Virginia Delegation Favors Nixon

CHARLESTON — West Virginia Republicans have elected a near-solid delegation favorable to the presidential nomination of Richard M. Nixon, a canvass by the Charleston Daily Mail shows.

In its canvass of 53 of the state's 55 counties, 10 of the apparent 14 winners prefer Nixon, one is committed to New York Gov. Nelson Rockefeller while three are uncommitted. The Republicans elect two delegates from each district and four at-large.

In the races for the four posts to be filled in statewide voting, former U. S. Sen. Chapman Revercomb has 78,160 votes, the Mail's canvass showed, and led all contenders. Revercomb is uncommitted.

RUNNING second was former Charleston Mayor D. Boone Dawson, among those leaning toward Nixon, while another Nixon man, Harrison County Sheriff Rex Baumgardner, is third.

Dawson has 49,342, while Baumgardner has 37,930, the Mail's tabulations showed.

Ronald Love of Parkersburg, a 31-year-old law graduate and a newcomer to state politics, is the fourth man in the race with 37,842, less than 100 votes behind Baumgardner.

Love told the Mail today he wanted to be listed as uncommitted but added that "initially I was leaning toward Nixon and Rockefeller second."

In fifth place is former state GOP chairman Howard Corcoran of Wheeling with 32,255.

FIRST District Republicans gave Francis Love 18,079 votes and Stuart F. Bloch of Wheeling 12,281. Love is uncommitted but at the 1964 convention supported former Gov. William M. Scranon of Pennsylvania over Sen. Barry M. Goldwater.

Third place in the First District voting is held by Frank A. O'Brien Jr. of Wheeling with 11,737. Also a 1964 delegate, O'Brien favored Scranon.

In the Second District, two Nixon partisans led the ticket. They are Davis Elkins of Elkins with 8,734 and Donald Everly of Kingwood with 6,147. Just out of the running by this count is Morgantown attorney Kermit R. Mason, a Rockefeller man, with 5,989.

IN THE THIRD District former Charleston Mayor John A. Shanklin led the ticket with 13,757, followed by Charleston businessman Mal Guthrie with 9,735.

Shanklin is for Nixon and Guthrie is Rockefeller's only sure vote in the state delegation at this time.

Fourth District Republicans caused a close race for the two seats assigned to that district.

Parkersburg legislator William P. A. Nicely is the leader with 11,410 votes, followed by Cabell County Clerk Keith Arthur with 9,839. Both are for Nixon.

Close on Arthur's heels is State Sen. Frank Deem of Harrisville with 9,634 and House

Minority Leader Brereton Jones of Point Pleasant with 9,154.

IN THE FIFTH District, although Monroe and Mingo are not counted, the results are believed to be conclusive.

Ahead are two Republicans who have been elected to the convention in the past. They are Hugh Ike Shott of Bluefield (7,786) and Col. W. H. Ballard II of Welch (6,474). Both are listed with the Nixon contingent.

With all counties except Monroe, Mingo and Logan counted, tabulations for the at-large seats are as follows:

Revercomb 78,160, Dawson 49,342, Baumgardner 37,930, Love 37,842, Corcoran 32,255, William O. Campbell of Huntington 32,032, Mrs. George Beneke of

Wheeling 31,733, State Chairman John C. Shott of Bluefield 29,758, Cleo Jones of Charleston 29,048, Willard Phillips Jr. of Elkins 28,580.

EDWARD WHITE of Union 27,552, Clyde White of Huntington 23,923, Ernest McNeill of Morgantown 23,688, Forrest Buck of Sistersville 21,958, F. H. Mansfield of Richwood 18,851, Herman Hoskins of St. Albans 16,666, and J. Fleet Greene of Charleston, 16,614.

Complete Third District results show Franklin 13,757, Guthrie 9,735, Fred A. Otto, of Charleston 5,831, William E. Mohler of Charleston 5,640, Eric Nelson of Charleston 4,272, Harry L. Wiseman of Belle 4,162, Howard W. Gochenour of Marmet 2,310, and Edgar B. Wise of Charleston 1,757.

In Common Pleas Court

Jurors Convict Gorman; Hoschar Pleads 'Guilty'

LISBON — Kenneth L. Hoschar, 32, of Wellsville RD 1 pleaded guilty to an auto theft charge Wednesday noon in Common Pleas Court while prospective jurors waited to be selected for his trial.

A moment later a jury returned a verdict finding Edward J. Gorman, 43, of Darlington RD 3, guilty of burglary Jan. 29 at the East Palestine VFW post.

Judge Joel H. Sharp deferred sentencing of Gorman pending a motion for a new trial.

Hoschar asked for probation. Judge Sharp ordered a pre-sentence investigation and report and, at the request of Prosecuting Atty. J. Warren Betts, dismissed a grand larceny charge against Hoschar in the same case.

The April grand jury indicted Hoschar and William E. Wright, 31, also of Wellsville RD 1, for auto theft and grand larceny in connection with the theft and alteration of a 1965 GMC dump truck from Ray Moore's auger coal mine south of Lisbon on or about March 29.

Several days later, sheriff's deputies apprehended Wright

driving the truck chassis from a wooded area onto Route 39 near Wellsville and nabbed Hoschar in a car at the end of the lane. The truck cab and body had been removed.

Wright pleaded guilty to grand larceny April 29 and was sentenced to 1 to 7 years in Ohio State Penitentiary. Judge Sharp dismissed the auto theft charge against him at the prosecutor's request.

Sheriff Russell J. Van Fossan took Wright to the penitentiary this morning. Wright had been held in the County Jail since sentencing to testify in Hoschar's trial.

ATHENS, Ohio (AP) — The National Guard left Athens Wednesday after spending three days camped near Ohio University on a stand-by basis.

The 650 troopers were sent here Monday following a Sunday night demonstration by 1,500 students. But the men actually never saw duty as no further trouble developed.

Recipients of University Awards were: Diana L. Boso, 405 E. Washington St., Lisbon, Sigma Alpha Iota Honors Certificate; Richard F. Wilk Jr., Wellsville RD 1, McKelvey Award in Retail Merchandising.

Fifty-five students in all received special awards and 148 others were recognized for high grades.

Police Beat Back Demonstrators

Convicted Draft Dodger Seized By U.S. Marshals

BOSTON (AP) — U.S. marshals seized a convicted draft evader in a church Wednesday touching off an hour-long dispute which ended with police beating back antidraft demonstrators.

Robert A. Talmanson, 21, of Boston, was carried from the altar of the Arlington Street Unitarian-Universalist Church to a rear door where some 200 youthful protesters sang and shouted. "Hell no, Tally, you won't go!"

Marshals carried him to a car waiting in a parking lot nearby, but the demonstrators rushed past police and surrounded the vehicle, which was immobilized for a half-hour by demonstrators lying on its roof and in its path.

Police reinforcements sent a flying wedge to drag Talmanson to a waiting police van which sped away. The move touched off a series of fist fights in which demonstrators rushed the vehicle, which was immobilized for a half-hour by demonstrators lying on its roof and in its path.

They later were released.

U.S. Atty. Paul S. Markham, who was in charge at the scene, said Talmanson was picked up in the afternoon instead of the quieter night hours because "it would be a sorry state if the United States government had to sneak around in the nighttime to enforce the law."

The Rev. John Harmon of Boston, an Episcopal minister, had his clerical collar ripped from his throat in a scuffle. He was one of several clergymen at the scene.

Left inside the church was Army Spec. 4 William Chase, 19, of Dennis, a Vietnam veteran who the Army said is absent without leave from Ft. Lewis, Wash. The marshals ignored Chase, since there is no federal civilian charge against him.

Chase and Talmanson spent two nights in the church with members of The Resistance, an antidraft group, which claimed sanctuary for the pair.

Women Injured In Falls Among 8 Given Treatment

A city woman hurt in a fall on stairs today and a Newell woman injured in a fall from a ladder Wednesday were admitted to City Hospital where six others were treated.

Mrs. Ruth Stevens of Newell is "fair" with a fractured left leg received in the fall from the ladder at home.

Jeff Livolsi, son of Richard Livolsi of 903 Center St., Wellsville, lacerations of the right wrist and chest in a fall through glass; Jamie McCane, daughter of James McCane of Pleasant Valley Rd., Wellsville, a forehead laceration on a tree while playing.

Lisbon Council OK's Ambulance

LISBON — Council, at a special meeting Wednesday night, voted to purchase a 1960 Cadillac ambulance for approximately \$1,350.

Becker Ambulance Service of Salem made the ambulance available after the volunteer fire department's 1963 Cadillac was extensively damaged in a collision April 15 while on a run to Salem City Hospital.

Council also agreed to accept a cash settlement for the wrecked ambulance and authorized Mayor Clyde B. Pike to advertise it for sale to the highest bidder.

In other business, the legislators agreed to honor a \$21 charge from Contractor Harry Lederle for installing jackposts in the Village Hall basement during the renovation project and authorized advertising for bids for the preparation of Exchange St. for blacktopping.

U.S. Flies More Missions And Losing More Planes

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — American pilots are flying more missions against North Vietnam and losing more planes than they did before President Johnson put off limits to them, statistics from the U.S. Command showed today.

The command announced today that North Vietnamese anti-aircraft fire brought down two more planes Wednesday, and the three crewmen are all missing.

U.S. troops losses also continued high, with 549 Americans reported killed in combat last week. It was the second highest weekly toll of the war for American troops.

The South Vietnamese government reported 475 of its troops killed last week, while the allied estimate of enemy killed was 4,765.

The two planes were lost Wednesday as American fliers logged 135 missions against North Vietnam's southern panhandle, the highest number flown this month. The U.S. Command said the three crewmen were missing.

Radio Hanoi claimed North Vietnamese gunners downed four planes Wednesday and captured all the pilots. It also charged that the United States is continuing "to conduct barbaric raids" on North Vietnam while W. Averell Harriman, the U.S. representative at the Paris

peace talks, "claims the U.S. is ready to 'de-escalate the war.'"

The loss of the two planes raised the total reported lost in combat in the North to 10 in May and 841 since the start of the air war more than three years ago. One of the planes lost Wednesday was a Navy photo-reconnaissance RF8 Crusader, the other an Air Force F4 Phantom.

In February nine American warplanes were announced lost over the North. In March the number went to 11. During April, the first month Johnson's curtailment order was in effect, 16 U.S. planes were reported shot down.

The increase in losses was matched by an increase in the number of missions flown.

During March, while the northeast monsoons were still producing heavy cloud cover and rain, 2,648 missions were flown over the whole of North Vietnam.

The monsoons began to lift in April, and although pilots then were limited to bombing North Vietnam's narrow southern panhandle below the 19th parallel, 3,412 missions were logged. So far in May pilots have flown 2,645 missions, and the final figure may top April's total.

A U.S. Command spokesman attributed the increased U.S. losses to clearing weather that gives North Vietnamese gunners better chances, to a buildup of North Vietnamese anti-aircraft defenses below the 19th

parallel and to the increase in U.S. flights.

Despite the intensified bombing of the much smaller area of North Vietnam, U.S. Gen. William C. Westmoreland said this week that more North Vietnamese troops moved into South Vietnam during April than ever before. He said 15,000 came South and he expected the number in May to be as great.

Both Air Force and Navy planes flew raids on the panhandle Wednesday. Air Force pilots reported knocking out 26 trucks near Dong Hoi, 45 miles north of the demilitarized zone. Navy fliers struck fuel dumps and other storage areas in the vicinity of Vinh, 145 miles north of the buffer zone.

There were scattered enemy mortar and artillery attacks and ground clashes from the DMZ to Saigon Wednesday and today.

U.S. Marines and North Vietnamese infantrymen battled two miles below the DMZ Wednesday, with the enemy getting direct artillery support from positions inside the six-mile-wide zone.

The Leathernecks called in close artillery support, too, as they fought through rolling hills in 110-degree heat just one mile

southeast of the Marine outpost at Con Thien. Eighteen Marines were killed and 36 were wounded, the U.S. Command said.

Reports indicated the Marines had not taken the enemy positions and so knew nothing of enemy casualties beyond two dead enemy bodies they spotted.

The PIAA has handed down a stiff penalty to referee Bill Vinovich Jr. of Midland.

Vinovich has been suspended as an official for three years as the result of an incident at Coraopolis High on Jan. 16. Vinovich, who is a deputy sheriff in Beaver County, pulled a gun on a rowdy fan. Coraopolis police intervened. Coraopolis is not in Beaver County.

Vinovich had officiated a Section 15-B game between the host Blue Devils and Avalon, which Avalon won 103-99. Vinovich relates that he was bumped repeatedly by a man while waiting to get into the dressing room and after leaving the dressing room on his way out of the gym was blocked by a mob of 40 or 50 threatening people. The same man started shoving him, and when the man threatened him and came toward him, Vinovich pulled his gun. At this point the police arrived.

Vinovich was suspended briefly by the sheriff's office, but was reinstated after an investigation. He has worked many games in Ohio, mostly teaming with his father, and could still do this. But Vinovich says that he is moving to California, so the suspension won't matter. He emphasizes that the move was planned before the incident happened.

Coraopolis has a small gym, and emotions run high. Also, the rivalry between the Blue Devils and Avalon is a big one, as can be seen by the fact that three Coraopolis players tried to attack a referee at Avalon.

The rightness of Vinovich's action can be argued both ways. There is no excuse for fans to bodily threaten an official, but there is no justification for bringing a gun into action.

JOHN ROACH and Dan Crago of Oak Glen will go with Bob Starkey to Shepherd State, where Starkey will be head basketball coach. Both Roach and Crago started for the Golden Bears' basketball team this season.

EDWIN (BUD) BUCHER, veteran Lisbon grid coach, again will coach the Blue Devils this fall. Bucher earlier had told the school board he would not coach, but changed his mind when the board agreed to reduce his course load. The Blue Devils were 9-1 and Tri-County League champs last season.

Blair-Morse Nips Central Colt Team 2-1

Blair-Morse edged Central Service 2-1 in a Colt League game last night.

The winning run scored in the last of the seventh when Rick Walsh got a single, raced all the way to third on a sacrifice by Joe March and scored on a wild pitch by loser Jim (EL) Parson.

Vic Reed was the winning pitcher, yielding only two hits, one a double by Randy McVay. Reed walked one and fanned seven.

Bucs Finally Hit, Pound Cubs 13-6

By RON RAPOPORT
Associated Press Sports Writer

Willie Stargell came up with the hitting performance of the season, blasting three home runs, a double and a single and driving in seven runs for the Pirates.

The double missed being a homer by inches, bouncing high off the left field railing in Chicago.

Don Drysdale's own teammates kept him from closing in on a National League record Wednesday night. It's not likely that he'll complain.

Until the ninth inning of the Dodgers' game with St. Louis, it looked as if Drysdale would win his fourth 1-0 game of the year. Carl Hubbell of the 1933 New York Giants holds the record with five.

But then Ron Fairly drove in a run with a single in the ninth and ruined the whole thing. The Dodgers won 2-0 and Hubbell's record is safe for a little while longer.

In other National League games Wednesday, Houston topped Cincinnati 1-0, Philadelphia crushed the New York Mets 8-0, San Francisco nipped Atlanta 2-1 and Pittsburgh destroyed Chicago 13-6.

Through the seventh, the Dodgers managed only one hit off Bob Gibson, but it was a good one: Wes Parker's run-scoring double in the third.

Drysdale stopped the Cards, who have now lost five of their last six games, on five hits. He hasn't allowed a run in his last 29 innings.

Dave Giusti also had a date with the record book wrecked. He was working on a no-hitter when Pete Rose got the first Cincinnati hit off him with two out in the eighth inning. Giusti finished with a two-hitter. Rusty Staub drove in the only run with a single in the sixth.

Richie Allen blasted two long two-run homers in the Phillies' victory over the Mets as Woody Fryman hurled a three-hitter. Tony Gonzalez also homered for the Phils.

The Giants moved into a virtual tie for first place with the Cardinals with their triumph, which came when Willie Mays broke out of an 0-for-12 slump with a run-scoring single in the ninth. Mike McCormick, who allowed three hits, was the winning pitcher.

ON THE HILL, WILL. Willie Stargell is shown crossing the plate after the first of three home runs in Chicago yesterday. Stargell also belted a double that narrowly missed being a home run and a single and got 7 RBIs.

Toronto, Beavers, Tigers Get Awards

Toronto, Beaver Local and Wellsburg got the top awards at the Buckeye Border Conference banquet held last night at Wellsburg High School.

The football championship trophy was presented to Toronto coach Bob Anastasia, the basketball championship trophy was presented to Wellsburg coach Paul Mikanik.

The baseball trophy was not awarded, as three teams are

still in the running for the conference championship. Beaver Local, Toronto and Jefferson Union have all lost only one game.

Wellsburg mayor William Daugherty served as M.C. and Ed Martin, head basketball coach at West Liberty State, was the principal speaker. Martin is a graduate of Bethany, has an M.A. at Pitt, and was formerly head basketball coach

at Jefferson Union and Bethany before taking his present post.

Wellsburg principal Bill Menough introduced the coaches from the various schools. Those present included Stokdale, track coach Larry Knight and former football coach Don Ross from Beaver Local; basketball and baseball coach Al Girone and football coach Jerry Winstead from Southern Local; and

Mikanik and assistant basketball coach Al Barlis from Wellsburg.

Wellsburg superintendent Don Lowe gave out the certificates to the all-star teams. The defensive football team was Mark Pillar, Dave Miller, Jim Stone and Bill Fisher of Toronto; Sam Hall, Dave Humphrey, Jim Burcham and Dave Doak of Beaver Local; Mark Evans and Ron Pytash of Jefferson Union and Rick Spoonholtz of Springfield.

The offensive team was Rex Campbell and Dennis Klembara of Beaver Local, Frank Francis and Rich Rose of Southern Local, Bob Brown, Dave Nelson and Robert (Rabbit) Harris of Jefferson Union, Ken Gordon of Springfield and Don Swickard, Don Mustine and Chuck Walker of Toronto.

The all-star basketball team was Rob Carter of Southern Local, Gordon and Jack McConaughy of Springfield, Campbell, Jim Reese and Mike Piatt of Beaver Local, Harris of JU, Fisher and Paul Kalivoda of Toronto and Tom McClain of Wellsburg.

The individual winners at the conference track meet were recognized, with special recognition to Perry Stone of Carrollton, who set three records.

Senators Nip White Sox

By DICK COUCH
Associated Press Sports Writer

Mike Epstein got a red carpet reception when he arrived in Washington via the trade route from Baltimore. Frank Bertina and Sam Bowens made the same trip ... and got little more than a change of uniform.

Wednesday night, the Senators shuffled Epstein off to Buffalo, then turned Bertina and Bowens loose against the Chicago White Sox.

The result: A 2-0 victory that snapped Washington's losing streak at four games and took the Senators out of sole possession of the American League basement.

Bertina, a stocky southpaw

pitcher acquired from Baltimore in the Epstein deal last May, blanked the White Sox on two hits until the ninth inning, when he needed relief help from Dave Baldwin.

Bowens, purchased from the Orioles on a conditional basis last winter, took care of the Senators' attack by clouting a two-run sixth inning homer off Gary Peters.

Elsewhere, Baltimore nipped New York 4-3 on a two-run ninth inning homer by pinch hitter Don Buford, Minnesota edged Detroit 4-3 on Harmon Killebrew's run-scoring single in the eighth, Oakland blanked Cleveland 2-0 behind right-hander Jim Nash and Boston trimmed California 4-0 on Gary Bell's four-hitter.

Epstein, the 230-pound musclemen obtained by Washington

after he refused to return to the Orioles' Rochester farm club last spring, was shipped back to the International League Wednesday night with an .099 batting average strapped to his broad shoulders.

Bowens, making his first start since last Sunday, stepped into Epstein's No. 5 spot in the batting order and broke up a scoreless duel between Bertina and Peters with his second homer of the season.

Frank Howard, who stroked two singles and a double to boost his league-leading average to .348, was aboard in the sixth when Bowens' drive backed Chicago left fielder Tommy Davis against the left field fence.

Negro Athletes Revolt At Iowa State University

AMES, Iowa (AP) — Negro athletes at Iowa State University have demanded that basketball Coach Glen Anderson, baseball Coach Cap Timm and trainer Bob Billings be fired "unless they have a change of attitude," the Des Moines Register said today.

The firing demands were made in a list of grievances presented to the ISU Athletic Council earlier this week, the paper said.

The council took no immediate action, but is expected to consider the two pages of complaints at a meeting June 5.

The athletes, member of a group known as the Black Students Organization, said they will boycott all athletic teams and forfeit their scholarships if the demands are not granted.

Bruce Ellis, a non-athlete from New York, heads the organization, and Willie Muldrew,

Big Eight lineman from Chicago, is vice president.

Neither Negro organization leaders nor the school officials would reveal the complaints.

But, the Register said it learned in addition to the firing demands, other grievances include:

—The athletes want a Negro head coach or assistant in at least one major sport. (There are no Negro members of the coaching staff at present.)

—They want line-ups in every sport to be chosen on the basis of ability, not a "black-white quota."

—They want to be called either Afro-Americans or blacks, not Negroes.

Iowa State is the fifth Big Eight Conference school to experience protests from Negro athletes this spring. Others are Kansas, Oklahoma, Oklahoma State and Colorado.

Associated Press Sports Writer
GROSSINGER, N.Y. (AP) — "This is it. It's make or break. If I blow this I may never get another chance. I don't intend to blow it."

Bob Foster got it off his chest Wednesday as he rested on the training table, his long training grind over.

On Friday night, the 29-year-old ex-Air Force man and one-time bomb factory worker will get his first chance at a world title when he meets light-heavyweight champion Dick Tiger at Madison Square Garden.

The 6-foot-3½ challenger from Washington, D.C., had just completed seven weeks of intensive training with some vigorous floor exercises and bag punching. He dried the sweat on his arms, heaved a deep sigh and said:

"It's all over. It's easy now."

Did he expect to win in four or five rounds as he had predicted when he began training?

"Yeah, he'll go the first time I get him. He can't change his style. He'll be coming out. I like them to fight that way. The fans will like it. He's a good fighter."

Riverside Rally Nips South Side

Riverside scored twice in the top of the seventh and then choked off a South Side rally in the last of the seventh to win a Section 4 game 3-2 at South Side yesterday.

In the last of the seventh Dave Cox singled and was forced by Greg Trimble. Tim Swearingen was hit by a pitch and Tom Doak singled to load the base. Dave Woodling tried to squeeze home a run, but Trimble was forced at home. Ron Peden then flew out to end the inning.

Riverside took a 1-0 lead in the fifth when Mike Slevin singled, and was forced by Tim Martin. Martin stole second, took third on a single by Tom Pifer and scored on an error.

South Side took the lead in the last of the sixth when Doak singled and was forced by Woodling and scored on a single by losing pitcher Francis Nash. Nash took second on the throw home and scored on a single by Greg Butcher.

But the Panthers won the game in the seventh. Martin Pifer and Ed Slevin singled for one run. An error loaded the bases and Andy Miller hit a sacrifice fly for the winner.

Bob Haine was the winning pitcher in relief of Ron Hertzog. The win was the second in as many days for Haine.

YOUR CAR

By Al Green

IN 30 OF OUR 50 STATES A BLIND MAN can get a driver's license. How? Licenses are renewable by mail, with no eye test! A check of blind persons in one state recently showed that 136 had valid driver licenses. A little frightening, isn't it? YOUR CAR OF THE FUTURE MAY HAVE A cellular elastic bumper that rings your car. It could be a pigmented strip replacing some of the chrome on your car now, and would give all-around protection.

WHERE DID THE TERM "HIGHWAY" COME FROM? It developed in England where wild animals traveled the grassy high ground in search of grazing. Public roads between communities often followed these animal paths and became known as "high roads", then "high ways" and at last "highway."

MOST MEN THESE DAYS CAN'T REPAIR their own cars. A car is so complicated and you need so much special equipment. We have the men and equipment to service and repair your car here at M & A MOTORS DODGE in East Liverpool 570 BROADWAY. For tips on service on your car, see us!

IT'S A 20-1 BET THAT ALL 1970 DOMESTIC cars will roll off the assembly line with poly-glass tires. It's the most revolutionary tire development in 20 years. The polyester-fiber-glass tires will give 50% better puncture resistance, 40 to 60% better tread wear, better dry and wet traction, crisper handling, and better gas mileage.

DEATHLY DRIVING BLUNDER NO. 48: Seat belts are only for long trips!

RELAY RUNNERS. Members of the Stanton mile relay team that will compete in the state Class A finals at Columbus tomorrow are (from left) Mike Patterson, John Minor, Calgary Penn and Cornell Maydak. Minor holds the school 800 record and Penn the mile record.

Sports Quiz

Here is a sports quiz to test the knowledge of area sports fans.

The quiz will appear in The Review every Thursday, along with the answers to the preceding week's quiz and the names of the people who got the most questions right.

The questions are not meant to be easy, and certain in many cases to be sometimes called "sports trivia." Please do not phone the Review with answers or questions about the quiz. Answers may be mailed in or dropped off at the Review before noon on Wednesday.

Jim Riggs of Park Blvd. repeated as winner of the quiz, although he did miss one question. He didn't know that the first three Negroes to play basketball for the University of Minnesota, in 1963-64, were Archie Clark, now of the Los Angeles Lakers; Lou Hudson, now of the St. Louis Hawks (moved to Atlanta) and Don Yates, an all-star from Uniontown, Pa.

Riggs did know that the new teams in the American League next season will be the Kansas City Royals and the Seattle Pilots; that the Syracuse Nats of the NBA were moved to Philadelphia when the Warriors left to go to San Francisco; that the White Sox were 9-4 in 1-0 games last season but the Phillies were only 3-10; that Roberto Clemente slammed four extra-base hits (three homers and a double) in one game last season; that Joe Adcock had five extra-base hits (four homers and a double) in one game; that Carlos Bernier and Clemente hit three triples in a game for the Pirates in the 1950s; that Pete Rose had a 25-game hitting streak last year, the longest in the majors; and that Bob Whalen is the Pirate trainer.

This week's questions:

1. Only five schools have ever won or shared an NCAA University Division soccer title. Name four of them.
2. One school has gotten to the quarterfinals every year in the nine years the championship has been held. What school is it?
3. Name three current major leaguers who are not normally pitchers who have pitched in the majors (not including Willie Smith of the Indians, who was a full-time pitcher at one point).
4. Name six of the eight teams that played in the 1967 baseball world series.
5. There have been eight college baseball All-Americans in the last six years make the major leagues. Name six of them.
6. What school is the defending NCAA track and field champion?
7. Who were the two double winners in the 1967 NCAA championship track meet?
8. What was the name of the book, a best-seller in the 1940s, about a cat that owned a major-league baseball team?
9. What is the name of the book by Jimmy Breslin that chronicles the first year of the Mets?
10. Who wrote "The Red-Headed Outfield and other stories?"

Locals Take 4 Firsts In Skate Meet

Johnny Torma was first in junior boys figures, Karen Ehnako first in juvenile girls figures and Aldine Weigand first in esquire ladies figures.

Peggy Weigand also took a third in the girls solo dance and Torma and Miss Burt a third in the junior dance.

There were 396 contestants. Next Sunday the locals will travel to the state championship meet in Washington, Pa.

Fire Damage Set At \$4,000 In Wellsville

Damage was estimated at \$4,000 today following a fire Wednesday in an unoccupied home at 1907 Riverside Ave., Wellsville.

Firemen there said they received a call at 11:40 p. m. from a neighbor, who reported flames bursting through the roof of the building, owned by Mrs. Emeretta Hoschar, who was vacationing with relatives at Ripley, W. Va.

Two trucks and 20 men answered the call and fought the flames raging on the second floor of the two-story frame house and in the attic and roof areas.

The firemen extinguished the fire by 12:55 a. m., Chief Robert Lewis reported.

Lewis said his investigation today indicated the fire was caused by an overheated or shorted electric wire on the second floor. It started at an outlet at which a television circuit was connected, and could have been started by defective wires in the television, he pointed out.

There was approximately \$3,000 damage to the house and \$1,000 to contents, he said.

Mrs. Hoschar lives in the house alone, he added.

Penn-Sheraton Will Operate As Pittsburgh Hotel

PITTSBURGH (AP) — A new day dawns for the Penn-Sheraton Hotel.

Seven local investors announced Wednesday they purchased the big building for about \$7 million and will run it as a hotel and convention center.

The head of a union on strike against the hotel since October said the new owners agreed to a new three-year contract granting a 55-cent an hour package.

The city lost millions of dollars in convention business in the seven months the hotel has been closed.

"Naturally, I am just delighted at this development," said Mayor Joseph Barr.

The new owners, made up of building owners, developers and realtors, said they'll reopen the 1,600-room hotel as soon as possible.

They said they'll reopen about 900 rooms which would be about 160 rooms less than operated previously.

John Kenney, president of the striking Hotel and Restaurant Workers Union, has recommended that the union ratify the contract at a meeting Sunday.

Some prospective buyers had indicated they would have turned the hotel into an office building.

Cacao may have originated in Brazil.

'Lolita' Causes Trouble

Dear Ann Landers: My problem is not unique but it's causing me a great deal of anxiety. It involves the bold and unwanted attentions of the 14-year-old daughter of a business associate.

Lolita (that's not her real name) is 14 but she has the physical endowments of Anita Ekberg. Whenever her parents come to our home they bring her. I'm 46, partially bald and no lady's man.

No sooner do they sit down but this girl hops on my lap, runs her fingers through my hair and snuggles up close. (All this in the presence of my funny wife and her curiously blind parents.)

Her mother recently remarked, "It's just wonderful the way Lolita adores her Uncle Harry." That's me, and I'm not her uncle.

Last night Lolita heard me tell her father I couldn't play golf with him this morning because I had to go to the office. She showed up at 10 a. m., knowing I'd be in the office alone. I had to physically remove her from the place.

Should I tell her father? Should my wife telephone her mother? Please give me some advice. I am — PERSPIRING ON THE POTOMAC.

Dear Perspiring: The problem does not involve your wife or Lolita's father or her mother. It is between you and this sexually precocious keg of dynamite.

If you are serious about wanting to get her out of your hair (or what's left of it, Dad), you can transmit the message in unmistakable language.

Throwing her out of the office was a good start. If she continues to pester you, stand

up when she sits on your lap and tell her in the presence of the others that if she wants to be treated like a lady she'd better behave like one.

Humility Plus

Dear Ann: You frequently suggest professional help. I wonder how many people look right past that suggestion and tell themselves why it's not practical for them.

I was one of those people who was certain therapy would be too costly, too embarrassing and too time-consuming.

For several years I had a severe emotional problem which led to an impossible marital situation. I wrote to you; and you advised me to get professional help. It meant I had to take my employer into my confidence (a painful and humiliating move), and I had to let my wife pay for my therapy (more pain and humiliation).

After 10 weeks of intensive psychiatric therapy, I'm a bet-

ter man emotionally, physically and morally. I now know that therapy need not take years, that it need not cost a fortune and it need not cause shame or embarrassment.

My life is now back in my hands and I'm determined to make something good of it.

I owe a great deal to you, to my wife and to a wonderfully competent doctor. If you would like to publish my letter, as a means of encouraging others, please feel free to do so. Sign me — A BETTER MAN.

Dear Man: A low bow to you for your courage and your humility. What you have done, others can do. And I hope they will. Thanks for writing.

New Manchester Fire Truck Due

A new fire truck for the New Manchester department will be delivered in about a month, Chief John Pittenger has announced.

The vehicle is being purchased at a cost of \$23,000 from the Thomas A. Karkalla, Howe Fire Apparatus Sales and Service of Pittsburgh. Under the West Virginia rating bureau standards, it will reduce fire insurance rates for properties within 1 1/2 miles of the fire station or 1,000 feet of a fireplug, Pittenger said.

William C. Robb, president, said the truck is a Ford C-850 with a 600-gallon tank and 1,000-gallon pump.

Robb said representatives of the department and the Auxiliary will solicit funds from area residents to assist in payment of the vehicle.

Today In History

By The Associated Press

Today is Thursday, May 23, the 144th day of 1968. There are 222 days left in the year.

Today's highlight in history: On this date in 1915, Germany declared war on Italy.

On this date—

In 1455, the Battle of Saint Albans was fought in the War of Roses.

In 1701, Capt. William Kidd was hanged in London after being convicted on charges of piracy and murder.

In 1788, South Carolina entered the Union as the eighth state.

In 1911, the U.S. House of Representatives passed the Panama Canal bill.

In 1939, the submarine "Squalus" sank off Portsmouth, N.H. Thirty-three of the 59 men aboard were rescued with a diving bell.

In 1945, the chief of the Nazi secret police, Heinrich Himmler, committed suicide at Luneburg, Germany, three days after his capture by the British.

Ten years ago — It was announced that Argentine destroyers had attacked—and probably

A Junior Editors Quiz About CRUSADES

QUESTION: How did the Crusades start and what results did they have?

ANSWER: To Christians, the Holy Land where Jesus lived has always been sacred territory. By the 9th century it was controlled by the Arabian Moslems. At that time Christians were allowed to visit their historic religious shrines, but in the 11th century wild Turkish tribes conquered the Arabians. They persecuted Christian pilgrims, creating a situation in which Christian European countries began to dream of recapturing the Holy Land. Pope Urban II, in a famous speech, called for a holy war. Hundreds of thousands responded and under the leadership of men like Godfrey of Buillon (in picture) swarmed toward the Holy Land. It was 1096 A.D. and was a very successful adventure, for Jerusalem was captured in 1099. Godfrey was elected ruler. It was difficult, however, to hold the country under Moslem attack. Some of it was lost, leading to other crusades lasting until the 1400's, when Jerusalem was taken by the Moslems. The Crusades, however, proved of great value to Europe. They stimulated trade and brought the rich civilization of the east into contact with that of the west.

Karen Hogelboom of Overland Park, Kan., wins a prize for his question. You can win \$10 cash plus AP's World Yearbook if your question, mailed on a postcard to Junior Editors in care of The Review, is selected for a prize.

sunk—an unidentified submarine 800 miles south of Buenos Aires.

Five years ago—A new city government took office in Birmingham, Ala. Increasing hope for racial peace in the city.

One year ago—It was reported that Egypt was carrying out land, sea and air operations to block the Gulf of Aqaba.
